Tuition and Fees will be adjusted if enrolled for less than 24 credits for fall and/or spring semesters and recalculated with per credit hour charges.

Tuition charges per credit hour \$511 In State and \$886 Out of State.

Fee Charges per credit hour \$56 In State and \$63 Out of State.

The amounts above are standard figures used for budgeting purposes and eligibility for need-based financial aid for the academic year. Your actual bill will differ from these estimations - they are provided for planning purposes. Each institution determines its own cost of attendance or budget. This includes direct educational costs (charges to student accounts) as well as indirect educational costs (educational expenses). Financial aid can be applied toward direct educational costs as well as indirect educational costs. The students total financial aid awards cannot exceed his or her cost of attendance.
