The University's diverse student body and expert workforce foster a supportive environment for professional and personal growth and mutual respect.

“We have something special here... a place where people are helping students make their educational and career dreams come true. By supporting The Lincoln Society I hope to enable more students to broaden their perspective of the world. Lincoln exposes our students to a wide array of philosophies, histories and traditions, and contributing to this type of discovery is the greatest return Lincoln could give me for my investment.”

“Providing financial support to Lincoln University is not about me... its about students and their ability to matriculate forward to exemplify greatness. I was fortunate enough to get an opportunity to come to Lincoln and then had to prove I deserved to be here. Now I have this amazing opportunity to help young people who are seeking the same opportunity.”

“ Jacques E. Wilmore ’50 paved the way by graduating from Lincoln University as Valedictorian of his class. I am proud to not only be his son, but a part of an amazing legacy and to now be in a position to pay homage to the man who gave me so much and introduced me to Lincoln. He is the motivation behind Yasmin & I establishing an endowed scholarship fund which will ensure students who have lived or are coming from the African Continent to attend Lincoln. This also gives African Diaspora Students who have never left the U.S. an opportunity to study and work abroad in Tanzania. They will now be able to count on financial support from our University.”

WAYS TO GIVE TO LINCOLN UNIVERSITY

The Fund For Lincoln Scholars

The Fund For Lincoln Scholars is Lincoln's yearly support program. Tuition and fees cover only 45% of costs to educate a student each year. Gifts to the Fund for Lincoln Scholars from alumni, and friends help to bridge the gap between revenue and expenses. Each year, the dollars given go directly into the College's budget for the next year.

Unrestricted gifts to the University are used for areas that are in most need of financial support. Restricted gifts can be designated for a specific purpose. While both types of gifts are vital for the existence of the University, unrestricted giving is Lincoln's lifeline.

The Students First Campaign

The Students First Campaign is a \$10,000,000 campaign designed to raise endowment for both need-based and merit-based scholarships. Members of The Lincoln Society can contribute to the general scholarship endowment or create their own named scholarship fund for gifts of \$50,000 or more.

Planned Gifts

Providing for the future well-being of family and, at the same time supporting the mission of Lincoln University can be accomplished by a variety of gifts known as planned gifts. Planned gifts, such as bequests and income-producing gifts, can provide benefits to donors and their families now and in the future, and are gifts that will live on, benefiting Lincoln for many generations to come. Other gift opportunities, including the use of retirement assets, allow for maximizing the current and future benefit to both family and Lincoln University.

Other Gifts

Members of the University's Advancement Team are prepared to speak with you and/or your financial advisor regarding other types of gifts, including real and personal property.
