Dear Students,

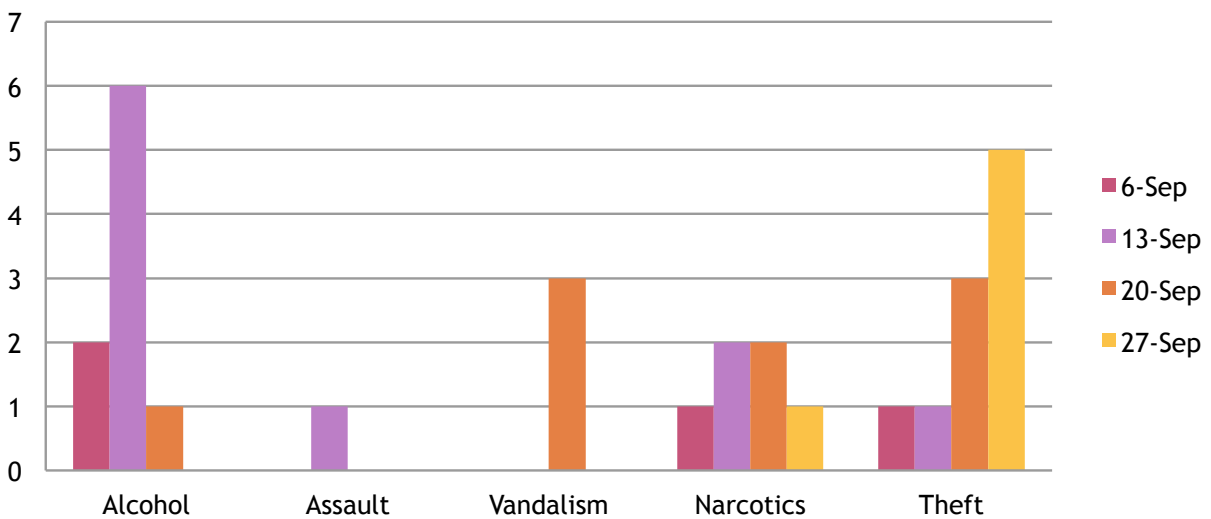

The pie graphs inserted outline 5 most frequent main campus infractions. In our collective effort to decrease the violations on campus we thought it important for you the customer to view the data. The 2nd pie graph displays the location of where alcohol infractions most frequently occur. The third pie chart shows the locations of vandalism, and chart 4 shows the day of the week most infractions occur. As a family our goal is to reduce the number of infractions for a safer campus.
