COURSE TITLE: Short (<= 20 Char.): Computer Programming I

FULLTITLE (<= 35 Char.): Computer Programming I

○ New Course
◉ Course Revision

COURSE DESCRIPTION must be type written (For Catalog, 2-4 sentences):

This course is the first course in a yearlong sequence required for Computer Science majors. It introduces the students to principles of computer programming via a structured programming language. The student will write, test and debug a wide variety of problems drawn from several disciplines. The course will also address program design and program style.
