

Thinking about a career change?

BACHELOR OF CRIMINAL JUSTICE

Now at University City

**YOU ARE INVITED TO AN
INFORMATION SESSION**

Saturday, July 8, 2017

Noon

University City - Room 435

The Bachelor of Science in Criminal Justice Program offers an excellent accelerated degree for adult learners previously, or currently working in the field of criminal justice who are experienced practitioners that require the integration of academic theory and concepts.

- An excellent criminal justice program for working adults tailored to accommodate an expeditious completion for adult students with work experience in the criminal justice field
- Our accelerated track provides qualifying adult-working professionals with credits earned from previous academic studies, life-learning experiences and professional experiences for Prior Learning Assessment (PLA) credit towards the undergraduate degree.
- Specially designed for adult-learners making Saturday and weekday evening classes a convenient academic experience.
- A student-centered, innovative adult-environment for working professionals supported by committed faculty and staff whose dedication to student success ensures that our program and our students make an impact all around the country in vital organizations and communities that provide critical and essential services in criminal justice.
- With state-of-the-art technology, our program is located in the academic epicenter of Philadelphia on the Avenue of Technology and is situated in the area of Philadelphia known for its undeniable commitment to academic excellence and cultural exploration. With convenient access to public transportation via 30th Street Station, our location is ideal for commuting students from the Triad area as well as the Northeast corridor.
