

Richard Green, Ph.D.
Interim President

Welcome to Lincoln University for the 2015 Homecoming festivities and the start of the 161st academic year of this great institution of higher education. Lincoln is the oldest academic degree granting HBCU in the U.S.

Homecoming Week was started with the coronation of **Santea` Ross-Hendrix** as **Mr. Lincoln University** and **Imani Milliones-Roman** as **Miss Lincoln University** in a wonderful ceremony held in the International Cultural Center on October 4, 2015. The program was an excellent presentation of the high quality expectations of Lincoln as Imani and Santea` presented themselves as examples of the exemplary quality of our students. All of the participants in the coronation event are to be congratulated for their presentations and their success as Lincoln University students.

The special activities of this week will be just as characteristic of the past events and all members of the Lincoln Family are encouraged to attend the football game and to participate in as many of the special events as possible. I want to especially welcome the alumni and their families and friends attending the 2015 Homecoming reunions back to campus on what promises to be a warm and festive time to meet classmates and to interact with our current students. Banquets, forums, and the Homecoming parade will provide great opportunities to rekindle friendships and enjoy the beautiful setting of the buildings and grounds of Lincoln University.

Student enrollment is above 1900 this year (a 4% increase over last year) and the football team has a winning record (3 wins and 2 losses); other teams and student organizations are doing extremely well. Students have been inspired to study and perform well in the classroom as well as in their other activities.

Again, alumni, parents and friends of Lincoln, welcome to the 2015 Homecoming.

Hail! Hail! Lincoln!

Richard Green
Interim President
