National Hazing Prevention Week

The Student Life & Development Office participates in National Hazing Prevention Week (NHPW) during the last full week of September as part of our commitment to respect for diversity and individual differences. NHPW is an opportunity to educate our community to not only to recognize hazing but also to learn ways to prevent it from occurring in the first place. For more information about what hazing is and how to report it, please contact Brian Dubenion at bdubenion@lincoln.edu. Please also sign our hazing bulletin board in the dining hall.
